

# Technology.

- You don't have the time
- You don't have the money
- You just want it to be there
- And work!

**The ICT Centre**

By the community sector, for the community sector

## By the Community Sector For the Community Sector

The ICT Centre was founded in 2005 by three community sector organisations.

**Mambourin Enterprises Inc**

**Broadmeadows Disability Services**

**NADRASCA Incorporated**

Are you looking for a technology provider who understands the needs of the Community Sector?

The ICT Centre is funded by the Department of Human Services under the CSIF (Community Sector Investment Fund) program.

*'The ICT Centre is committed to providing excellent Information and Communications Technology. Designed from day one to meet the needs of Victorian CSOs, it is the centre we trust to provide services and technology for our own organisations.'*

**Gus Koedyk** – CEO – NADRASCA Incorporated

**Rohan Braddy** – CEO – Mambourin Enterprises Inc

**John Pini** – CEO – Broadmeadows Disability Services

Clients, staff, board,  
sponsors, volunteers,  
community...  
You've got enough  
on your plate!

The last thing you  
want to worry about  
is technology.

- An IT department
- Without the overheads

# A one-stop-shop for all your Information and Communications Technology

Imagine having an ICT department with the depth of skills and resources to cover all your needs...

- Your organisation is free to get on with what you do best, serving the community
- You have a single point of management for all your technology
- Your organisation has a viable infrastructure that serves it today, and into the future

**One Centre to cover all your Information and Communications Technology needs**

# You're not funded to run computers.

# ...We are.

- We take care of the technology
- So you can take care of your clients

<http://www.ictcentre.org>

**A community sector ICT service you can trust.**

*'The ICT Centre showed an amazing sensitivity to the special needs of a not-for-profit organisation such as The Oaktree Foundation. They were able to design and implement our IT infrastructure at a time when we didn't think we could afford it, enabling us to communicate effectively with our clients and sponsors.'*

**Hugh Evans,**

CEO of The Oaktree Foundation  
and Young Australian of the Year 2004
